SKATING BROTHERS DROWN

Two Other Boys Nearly Lose Their Lives Trying to Save Them

Wilkes-Barre, Pa., Feb. 4.—Two brothers, Harry and Thomas Wright, aged 11 and 15, of Kingston, were drowned Saturday afternoon in a Kingston pond, near here, and two other brothers, Walter and Charles Wortman, 10 and 12 years, who attempted a rescue, almost gave their lives.

The four boys were skating on thin ice when Harry Wright broke through and his brother endeavored to save him. Both went into the same hole and then the Wortman boys bravely went to the rescue and the ice broke under them. Randall Wright and Walter Thomas heard the cries of the youngsters and reached the pond in time to save the Wortmans.

STOPS KAISER PLOT

Agents Uncover Attempts to Restore Prussian Autocracy.

American Headquarters in Germany, Feb. 4.—A plot to line up sympathy in Germany behind the former Kaiser has been unearthed by the American military secret service, it is announced.

A number of supporters of the old regime were discovered circulating petitions, assuring Wilhelm that his people still maintain confidence in him. Many signatures had been obtained in various parts of the region occupied by the third army. The American authorities are investigating to determine who is back of the movement, which apparently is widespread and probably originated in Berlin.

American military officials have ascertained that the present strength of the German army shows that the organization and staff of all pre-war regiments is being maintained, except those of Alsace and Lorraine, although some of these regiments have been reduced to a thousand men.

Geo. E. Price and J. F. Cook will have on sale tomorrow, nice fresh herring, bay mackerel, haddock, croakers, tile, Jersey trout and lake trout.

HOUNDS LOSE TRAIL

Assailants of Miss Garrett Still at Large—Sheriff Allison Today Expressed Hope That Men May be Captured.

Sheriff J. R. Allison, of Fairfax County this morning stated that he had no clue to the assailants of Miss Julia May Garrett, who Sunday afternoon was attacked first by a soldier and afterward by a civilian, a short time after she detrained from an R. F. and P. train at Seminary Crossing.

The sheriff, however, expressed the opinion that the capture of her assailants was not improbable and everything possible is being done to apprehend them.

The bloodhounds brought yesterday from Occoquan went as far as Edsalls station, Fairfax county and lost the trail. The sheriff and a number of citizens went along in the man search.

In the search for the soldier the nearby camps have been notified and every possible effort is being made to apprehend not only the soldier but also the civilian.

All points along the line of the Southern Railway have been notified to be on the lookout for them.

Sheriff Allison stated today that it was possible that the man wearing the soldier's uniform may have been a discharged soldier and simply was making his way to his home. That the civilian is a tramp is the opinion of the Fairfax authorities. It is regarded as highly probable that he boarded a southbound freight train after making the attack on Miss Garrett. Unless some new clue is obtained the bloodhounds will not again be used said Sheriff Allison.

RICHMOND—TOM MIX

Tom Mix in "Treat 'Em Rough," a cinema production based on the famous novel of "The Two Gun Men," written by Charles Alden Seltzer and produced by William Fox, will be the feature at the Richmond Theatre tonight.

"Treat 'Em Rough" is said to be the greatest romance story of the western plains ever screened, and as the hero of this remarkable story, Tom Mix is seen at his best. His daring feats of horsemanship and run play have made him one of the most admired stars in pictures. There is nothing too hazardous for this remarkable actor to attempt, as the bulldozing of a wild steer in "Treat 'Em Rough" will prove. Also Pathe News.

SINN FEIN LEADER

FLEES FROM JAIL

London, Feb. 4.—Edward De Valera, Sinn Fein leader, has escaped from prison, the Exchange Telegraph declared today.

De Valera was arrested several months ago for alleged revolutionary activities. He was elected to the British Parliament from Clare while in prison.

LEAGUE RULES TO

BE DECIDED TODAY

Paris, Feb. 4.—The constitution of the League of Nations is expected virtually to be completed tonight at the meeting of the special committee having that work in charge.

While several plans have been submitted, it was learned that the joint Anglo-American program will be the crux of the discussion. It includes a score of articles, embracing British and American views, with a preamble outlining necessity for establishment of the league. It was presented at yesterday's meeting of the committee, but owing to the fact that it was not printed in French, it was not generally discussed. The program will be presented in both French and English at tonight's meeting, which will open in the Hotel Crillon, at 8.30 o'clock.

An agreement has already been reached on the principle of reduction of armaments under the League of Nations, according to authoritative information. This means that America's naval program either will be scaled up or scaled down by the league, according to its relative policing functions compared with other powers.

CONDEMNS HUN LODGE

Charles Magnette, Grand Master of Belgian Masons, Repudiates Germans.

Brussels, Feb. 4.—Charles Magnette, grand master of the Belgian masons, has expressed opposition to renewal of relations with the German Free Masons.

During the war M. Magnette sent a letter to all the grand lodges in Germany, protesting against the German atrocities. Most of the German lodges failed to acknowledge his protest, which was coupled with an appeal to the German Free Masons to prevail upon their government to stop the atrocities.

The Darmstadt, Bayreuth and Frankfurt Lodges answered, saying the appeal was "stupid" and that they did not see why kindness should be recommended to German troops "because of the perfidy of our enemies." Shortly after M. Magnette was jailed and detained for a month under brutal treatment.

MRS. CECIL K. SHERMAN AND BABY DIE IN CALIFORNIA

A telegram was received by Frank Bayliss, this city, last night from Lieut. Cecil K. Sherman, a former resident of this city, announcing the death Saturday of Lieut. Sherman's wife and little daughter. Lieut. Sherman is an instructor at the Ballou School, Arcadia, Cal.

In the telegram it was stated that mother and child developed influenza, which turned into pneumonia.

UNEMPLOYED INCREASE

Department of Labor Weekly Survey Shows 265,000 Out of Work in Various Centers.

Wash., Feb. 4.—Steady increase in unemployment in almost all parts of the country is shown by the Department of Labor weekly survey. The number of cities reporting a labor surplus has increased since the last report from 44 to 50 per cent. The number of cities reporting labor shortages has decreased from 13 to 12 per cent, and cities reporting the supply about equal to the demand have decreased from 53 to 38 per cent.

Reports for the week show total unemployment amounting to nearly 265,000. For last week the figure was 210,000 and on December 3 it was 12,000.

ST. MARY'S ACADEMY.

Lecture by Miss Mahoney—Recital by Lieut. Parker—Retreat Begins Thursday.

On Sunday Miss Julia Mahoney gave a most interesting lecture to the resident pupils of St. Mary's Academy. Miss Mahoney very recently returned from Rome, where she had been for the past year on duty with the American Embassy. She told of the many places of interest she was privileged to enjoy in Rome, Florence, Naples and other Italian cities and of her visit to the "Prisoner of the Vatican" to whom all who visit Rome go. Miss Mahoney attended the reception given the Prince of Wales during his recent visit to Rome as also the reception given President Wilson.

Descending to the details that school girls love, she described just what the ladies wore on these occasions from the queens down the line. To her most thrilling experience of our President's reception was the singing of the "Star Spangled Banner." In the historic environment of old Rome. It struck heart chords to which empty paraphernalia of royalty could never give voice.

On Monday evening Lieutenant Howard Parker, of Woodland, California, gave a delightful recital in the Assembly Hall at St. Mary's Academy for the sisters and pupils.

On Thursday at 5 P. M., the annual retreat will begin for the pupils. Former pupils and members of St. Mary's Alumnae are cordially invited to attend. The retreat will be given by Rev. Wesley Donohue, C. S. C., one of the fathers who recently conducted a mission at St. Patrick's Church, Washington, D. C.

REDS KILL 300 IN UKRAINIAN TOWN

Stockholm, Feb. 4.—Three hundred persons were massacred by Bolshevik troops at Kharkov, in Ukraine, said a dispatch from the city today. "The order" for the massacre was the first issued by the new Bolshevik government, which has just taken over control at Kharkov.

CLAIMS OF FRANCE

Demands Permanent Occupation of German Territory South of the Rhine.

Paris, Feb. 4.—While it is true that most of the problems of deeper concern to the Peace Conference have been met and provisionally disposed of, one question fraught with disturbing possibilities is yet unanswered. This involves the growing demand on the part of France for the permanent occupation of German territory south of the Rhine. When it was first publicly advocated by Marshal Foch this proposal was taken none too seriously, the general opinion being that the great soldier merely suggested the idea as a military measure, without any thoughts of creating a grave issue between France and the other Allied Powers.

More recently, however, French statesmen have quietly but firmly intimated that they regard the possession of this German area as the only possible guarantee of indemnity for Germany's devastation of French property. The temporary occupation of the Rhine Valley is satisfactory, of course, to all parties at the Peace Conference, but the permanent occupation is regarded in every quarter, says the French, as direct violation of the antiannexation principle laid down by President Wilson, and certain to cause in the future some conflict.

Already the Germans are giving warning that they will stand for the loss of no ground south of the Rhine, and impotent as Germany is, she knows that the day may come when she, like France, may strike desperately for the recovery of the lost provinces.

DREAM OF DEATH IS TRUE

Follows It With a "Good-Bye" and is Killed by Building's Fall.

Wilkes-Barre, Pa., Feb. 4.—Edward Shafer, aged 62, a contractor, dreamed Friday night that, if he went to work Saturday he would meet with a fatal accident. He told his wife about his dream, but decided to take a chance, declaring that he was a bit alarmed at that it was only a dream. Shafer never would speak the words "good-bye," saying that it was time enough to say them at death. When he left some daily he always did so with a "good-bye."

Fate probably caused a change Saturday for when he left this morning he uttered "good-bye." The family thought it strange. Three hours later his body was brought home. The walls of an old building on which he was making repairs had collapsed and he had been buried under the debris, being instantly killed.

KILLED BY AUTOMOBILE

Clarksboro, N. J., Feb. 4.—Frank J. Henry, 75 years old, and for many years tax collector of this township, was found dead along the road between here and Mount Royal by Abraham Workman Friday night.

As he aged man lay in a pool of blood, it was at first thought he had been murdered, but close examination of his body showed that he had been struck by an automobile, the heartless driver hastening away.

Henry was a carpenter and a figure in politics, being one of the Democratic leaders in this township for a number of years.

BAVARIA THREATENS TO QUIT GERMANY

Amsterdam, Feb. 4.—As the date of the opening of the national assembly at Weimar, February 6, approaches the struggle between Prussia and south Germany becomes more bitter.

If the situation continues Bavaria will likely secede from the rest of Germany, according to information from Munich today.

The choice of Weimar as a meeting place for the national assembly was a victory for Bavaria, but the assembly is expected to be transferred to Berlin after being in session about a fortnight at Weimar.

Mrs. Margaret Peck has sold to Courtland H. Davis the two-story brick dwelling on the south side of Queen between Washington and Columbus streets which is house 714 Queen street.

INGOMAR—Bessie Barriscale

Bessie Barriscale's newest Paralta starring vehicle, "Maid of the Storm," which will be shown at the Ingomar Theatre tonight, is said to contain all the elements which have been responsible for the success of her former screen achievements. It presents the star in a role which gives her opportunity for displaying her versatility as a finished actress. She is seen in an exceptional range of interpretation, appearing in the early part of the story as a little waif in a fishing village on the coast of Scotland and in the latter part of the story as a young woman of fashion, living in the most exclusive part of London.

A Christy comedy will also be shown.

TO TAKE HIS THIRD WIFE

New York, Feb. 4.—James Gillespie Blaine, son of the late James G. Blaine, formerly Secretary of State and Presidential candidate, secured a marriage license here for his third matrimonial venture. He was accompanied by his intended bride, Mrs. Beryl Whitney Wheeler, of Rockland, Cal.

Mr. Blaine is a bond salesman for San Francisco. He was born in Augusta, Me., as was his intended wife.

SCORES IN DANGER IN \$200,000 FIRE

New York, Feb. 4.—Two hundred families in the thickly populated Williamsburg district were driven from their homes early today when fire destroyed the warehouse of the Ansbacher Paint Manufacturing Company. Many rescues were made by policemen and firemen. No one was seriously injured. The damage was \$200,000.

OUT OF BONDAGE

No one knows better what this means than one who has been bound. If you want to see what real bondage is visit the Grand Theater tomorrow. In addition to this, the added attraction is "Stanley Among the Voo-Doo Worshippers." Now if you believe in Witchcraft or the Palmist you want to see this play. It will enlighten you. The greatest animal show ever presented to the people of Alexandria. The best production for the money ever given for this city.

ARMY WAS BEATEN.

GERMANS ADMIT

London, Feb. 4.—The Frankfurter Zeitung printed prominently on January 26 the first plain admission of a German military writer that the German armies were beaten in the field, and that the German collapse was due to none but military causes, according to a copyrighted dispatch to the Philadelphia Public Ledger. An article by Major Paulus says that Ludendorff was beaten, when in 1914 he was forced to retire to the Antwerp line.

GERMANS BREAK U. S. LAW

Court-Martial Penalize Huns Who Violated Rules in Germany.

American Headquarters in Germany, Feb. 4.—Two hundred and 19 Germans have been arrested and tried by American courts-martial during the two months of American occupation, according to figures are public. There were 206 convictions. Imprisonments ranged from one to ninety days, and fines from one mark (25c) to 500 marks (\$125). Offenses included violation of liquor regulations, wearing German military uniforms and holding unauthorized meetings. There was one arrest for failure to salute an American officer.

Army officials are investigating a soccer game which was played at Ehrenbreitstein yesterday between a team composed of men from a New York and Kentucky pioneer regiment and one made up of German soldiers, many of whom wore parts of their uniforms. The players were good natured throughout the Germans submitting willingly to the decisions of the American umpire. The game apparently violated both the regulation against fraternization and that of wearing German uniforms.

TROOPS JOIN REVOLTERS

German Government Prepared to Meet Spartacan Plot to Upset Assembly.

Amsterdam, Feb. 4.—The German government is preparing to frustrate with blood and iron, if need be, the Spartacan plot to break up the national constituent assembly at Weimar Thursday. All Spartacans within that city are being disarmed. Strong government forces are held in readiness for any emergency. The newspaper offices especially are well guarded. There is a disposition on the part of some of the hitherto loyal troops to sympathize with the Spartacans. The Eleventh and Fifteenth Army Corps, for instance, refuses to help in giving military protection to the assembly.

Compromise between the Spartacans and the Berlin government prevented bloodshed in Bremen, where government troops had trained naval guns on strategic points.

The Bremen government declared itself willing to resign and to prevail on the workmen to surrender their arms if the government withdraws its troops.

In some of the industrial cities anarchy still is rampant.

TO GIVE LARGE SUM

Half Million of \$1,750,000 Fund to be Distributed for Aid of Returning Men

The Presbyterian Church in the United States of America, working in co-operation with thirteen other churches which in February will raise a fund of \$1,000,000 in the Interchurch Emergency Campaign for reconstruction work by the churches, has fixed \$1,750,000 as its goal in the national effort.

A half million dollars of this budget is to be used for practical aid to returning soldiers and sailors, which is to be disbursed through the New Era Movement budget of the church and \$500,000 is to be used for the reconstruction of churches in the devastated districts of the war zone in France, Belgium and Italy.

The Presbyterians, it was pointed out, are especially concerned in the church reconstruction project, as fully four-fifths of the Protestants in Italy are Waldensian in denomination, which corresponds to the faith of the Presbyterian Church in the United States. A large number of the Protestants in France also are Presbyterian. As a part of its post-war activities, the Presbyterian Church here intends to do a large amount of work in European fields. A quarter million dollars of the fund raised will be used to equip Presbyterian chaplains for their overseas duties. There are more than 100 Presbyterian chaplains now with the army of occupation.

REDS PREPARE FOR WAR ON ALL FRONTS

London, Feb. 4.—The Bolshevik government in Russia is calling all classes between the ages of twenty-nine and forty-five to the colors, and the latest order of the Congress of Soviets is preparing for war on all fronts, said a Helsingfors dispatch to the Times today.

The Bolsheviks are aiming to bring about a general revolution.

Pickett and Thomas Cantwell, the last named of Washington, and recitation by Miss Mary Lennon. An address also will be made by Rev. Louis Smet, pastor of St. Mary's Church. Other talent from Camp Humphreys also will take part.

M. E. Greene, chairman of the entertainment committee, will preside. Refreshments will be served and dancing will follow.

DETAILS OF GERMAN AIMS

Belgians in Possession of Papers Which Show Huns Planned Destruction of Machinery

Paris, Feb. 4.—The Belgian government has in its possession what is believed to be complete documents of the German General Staff relating to Belgium, including the details for Germany's annexation of the country and instructions for carrying off and destroying machinery.

The story of the capture of the documents—one of the most unique of the war—together with what their examination has revealed so far, reached Paris Sunday from authoritative Belgian sources.

The papers fill an entire freight car. In the rush of evacuation after the armistice was signed, this car was run on a side track by mistake. As soon as its absence was discovered the General Staff naturally ordered a quick and complete search for it. They chose to direct the search a loyal civilian official in the person of the head of the "barley department." His most exciting work heretofore had been to get the last grain of barley from the Belgian fields. The persistence and anxiety displayed in his search led Belgian officials to assign a secret service operative to trail him. When the car was finally located on an isolated siding the Belgians arrested the German and seized the car.

Examination of the papers is not completed, but it is declared they show the annexation plans provided for splitting the government into two provinces in an effort to align the Flemish and the Walloons against each other. The plans, which even went into administrative details, were signed by former Chancellor von Bethmann-Hollweg at a time when he was assuring the world that Germany has no intention of annexing Belgium.

According to the documents, Germany ordered systematic destruction of Belgian machinery last spring. At first, instructions were issued to carry off the machinery. Later as transportation became taxed, orders were issued to smash all machinery that could not be moved readily.

EGGS DOWN TO 35 CENTS

Chicago Prices Tumble—New York Also Breaks Sharply.

Chicago, Feb. 4.—Cost of living came down sharply yesterday in one important item, the cost of eggs. Owing to plentiful arrivals here totaling nearly twice as many as a week ago, wholesale prices fell 4 1/2 cents to 6 1/2 cents a dozen. The new quotations ranged from 33 1/2 to 35 cents.

New York, Feb. 4.—A decrease in the wholesale price of Western fresh eggs in carload lots from 60 1/2 to 42 cents a dozen since last Tuesday, is attributed by produce dealers here to increased production induced by the mild open winter. A change to extreme cold weather, they declared, would tend to reduce production and send prices climbing on short notice, and for this reason there had been no general decrease in retail prices to conform to the wholesale drop.

The dealers said egg receipts in the New York market last month were the largest in many years.

W. T. FARLEY 500 KING ST. Alexandria, Va.

NEWS OF THE DAY.

Eighty thousand workmen in Rome are now unemployed, and the number is increasing daily, the chamber of commerce announced today.

Typhus and famine are making inroads in Abiriz, Persia, said a State Department message yesterday afternoon.

Eight American soldiers were killed and thirty injured when a troop train collided with two German locomotives while en route from Chaumont to Brest. The men were to have taken a transport at Brest for the United States.

The Ukrainian government, it is reported, sent an ultimatum to the Polish government, demanding immediate evacuation of Eastern Galicia.

A dispatch from Helsingfors quotes a Bolshevik official statement from Petrograd as announcing that Grand Duke Paul Mikhailovitch, Grand Duke Dmitri Constantovitch and Grand Duke George Mikhailovitch had been executed by rifle fire.

Joe Scavillo, alias Leonie, entered his home at Oil City, Pa., yesterday morning, and, finding a boarder Tony Schnell, in the room with Mrs. Scavillo, beat him to death with a pick handle. His wife also was badly injured and is not expected to live. The murderer escaped.

Feverish gaiety reigns supreme in the night life of Berlin, according to an officer of the allied mission, just returned from the capital. The cafes are crowded. An ordinary dinner costs \$90. Champagne fetches \$30 a bottle. The rest of Berlin, however, is starving and crime is on the increase. The people appear to believe President Wilson will secure a fair peace for them and save a good deal out

of the wreck, including the German colonies.

Germany has three and one half months' food supply in her warehouses, according to an official survey by the Berlin Alimentation Office, disclosed yesterday, in a diplomatic dispatch from Zurich. The food situation is not nearly so precarious as has been reported, it was declared.

German troops will protect the removal from Hamburg and other German ports of merchant ships taken over by the entente under the armistice, according to a Swiss diplomatic advice yesterday. The Ebert government at Berlin, fearing a naval mutiny against the ship movement, has dispatched strong military re-enforcements to Hamburg, it was stated. The advice was that eighteen ships now at Hamburg will be delivered to the British and Americans.

The Thirty-first Parliament of the United Kingdom, in many ways the most unusual in the history of British politics, opened today. This will be a Parliament in which one constituent part of the Kingdom—Ireland—will be totally unrepresented except by a handful of Unionist members, with seventy three vacant seats representing rebellious Ireland. Another anomaly is that the first woman ever elected to a seat in the austere British governing body, the Countess Markievicz, will not attend because she is a Sinn Feiner.

Mrs. Margaret Waugh, of Troy, N. Y., wants her eyes transferred to the sockets of her son, James Waugh, who entered the army when he was 17 and fought until he was blinded last September. In offering this sacrifice Mrs. Waugh told the Red Cross she had heard of rabbit eyeballs being successfully transferred to another animal's head, and said she be-

lieved it could be done with human eyes. Mrs. Waugh went about her house blindfolded for several days to get used to being sightless before offering her eyes for her son. The boy is in a hospital at Cape May, N. J. Ex-Crown Prince Frederick Wilhelm of Prussia has instructed his Berlin lawyers to start suit for divorce, according to the Muenchener Zeitung of Zurich. Reports of strained relations between the former Kaiser's

eldest son and his wife, the former Crown Princess Cecilie, have been persistent for years. More than once during the war Friedrich Wilhelm's name has been linked with stories of adventures of a risque sort, and the former crown prince's weakness for the charms of the eternal feminine has been common gossip in Europe and has made him a sort of imperial "gay Lothario."

SPEAKS FROM TRIBUNE

President Wilson Delivers Address to All Men of France.

Paris, Feb. 4.—President Wilson spoke from the tribune of the Chamber of Deputies yesterday to all men of France who represent her interest at the Peace Conference.

It was the first time since his arrival in Europe that Mr. Wilson departed from the form of "courtesy" address which it has been his custom

to give in the capitals of the different nations he has visited.

The departure was only momentary. He touched very lightly upon the necessity for a speedy and amicable settlement of differences retarding the progress of peace negotiations.

A work of meaning may have been contained in his mention of the fact that sacrifices will be necessary for establishment of a league of nations. In some quarters here the question was raised last night as to as

whether he means sacrifices of some degree of national sovereignty on the part of countries forming the league.

In the past the view of the American commission has been that the formation of a Society of Nations will not mean abrogation of any of the powers of Congress.

On the other hand, it has been suggested that the Peace Conference may be attempting to mould a society of nations of ultimate stability such as has been heretofore impossible.

END OF GERMAN AMBITIONS

We have made allusion to the expressed demand by Marshal Foch that hereafter the western boundary of the German people, be it Republic or a new Empire which they shall establish, shall be fixed at the Rhine river, and few there can be who would dissent from his clear vision of the future in making such a condition of peace. The next great question along this line which is being broached before the Peace Conference is in regard to the disposition of the various colonies which the Teutons have established in various different parts of the world, and there has been manifested a determination on the part of the leading European nations allied in the great cause of Liberty and Justice to set to it that there shall not be tolerated again any overseas German domination anywhere where they could plot and scheme for the bringing to pass such an organization as they had assembled in 1914 to be used against the peace of the world, and the safety, welfare and civilized development of other peoples.

On consideration it would seem that the deprivation of Germany of all such outposts for the breeding and dissemination of the savage ideas of life which they exhibited in their much-vaunted Kultur propaganda, and with which they poisoned the minds of the many millions of Teutonic people everywhere, should be a first consideration in a just and lasting peace treaty, regardless of what sort of settlement is given that race in connection with the barbarities and inhuman atrocities they practiced when able by superior preparation to overrun and harry the peaceful peoples of other lands. —(Charlottesville Progress.
